

The online training for the 2017 Ohio Fire Code is now live on the Ohio Fire Academy's 24/7 platform. These six modules meet the requirement for fire inspector continuing education and provide an overview of the changes from the previous Ohio Fire Code.

To log in and access the training, please click on the following link:

<https://www.osmanager4.com/247login.aspx?sps=1d4d2b68-5eed-459f-8041-9a17b9ef66e9>

If you do not have a login, please click on the "New User" button and register for a free account. [Registration instructions can be found here.](#)

NOTE: To download associated charts and documents mentioned in the modules, click on the blue "Course Library" tab at the top right of the module page.

This online training is made available by the Health and Safety Institute (24/7 Fire and EMS). This service offers greatly reduced pricing on online training memberships for all Ohio fire departments, EMS agencies, firefighters and EMS providers. Memberships feature 24-7 Fire and 24-7 EMS courses for firefighter development and EMS continuing education. Every course is approved by the OFA to meet continuing education and professional development requirements in Ohio. Training administration for your department is a breeze using Otis tm, the online training management system.
